MISS BYRNE'S 4-H

Kenneth Walker and Donna Hodges started us with a game and two songs. The game was Password and the songs were Rocka My Soul and This Land Is Your Land. After that the secretary read the minutes of the last meeting. Then, Mrs. Johnson talked about public speaking.

After a little while then Mr. Sweet mentioned a little about 4-H demonstrations. When he finished talking about them the Vice President, Michael Gordon called on the names about the 4-H speeches. The people who are giving 4-H speeches are Debbie Reynolds, Cheryl Adams, Myrtle Ford, Donna Hodges, Timmy Guill, Cynthia Roach, Larry Mottley, Martha Maxwell, Juanita Patterson, Sammy Webber, Kerry Richardson, and Michael Gordon. After that Mr. Sweet told us the thing we could do to improve speech. In our 4-H club we have a committee to do a bulletin board for 4-H. The bulletin board is all about the New Year. The chairman is Michael Gordon. On the rest of the committee is Kenneth Walker, Juanita Patterson, James Christian and Melissa Scott. The 4-H meeting was very nice.

Since this is the season for white sales, you may have been shopping around for bed pillows, and you've probably found that there's a big choice. They range from 100 percent imported goose down, to half down and half goose feathers, to man-made materials such as pure latex foam and dacron polyester.

Degrees of firmness run from supersoft to high-firm. There are several sizes for the conventional twin or double bed, plus the larger sizes for king - and queen size beds. There are also several sizes of pillow thickness and different shapes from which to choose. Pillows with double-corded side panels offer extra support. There is an electric, wedge shaped and foam-filled pillow that vibrates; it can be used under either head or feet.

Dacron and latex foam pillows are dustless, nonallergenic, and odorless. They resist matting and lumping. They are available in molded foam latex, polyester fiberfill, or a resilient foam core padded with polyester fiberfill for extra support.

Down-filled pillows are soft and buoyant, and processed so that they are machine washable and machine dryable.

Both down-filled and foam-filled pillows are available with plain, floral, or striped coverings in sturdy, linenlike cotton fabrics. For extra protection use zippered pillow covers.

Hopefully these few pointers on the variety of pillows available will help you to take better advantage of those winter white sales!
